

We are pleased to announce that we have now implemented a COVID-19 Safety Plan, are registered as a COVID Safe Business and are ready to re-open our doors to the public and offer all our wonderful cultural services.

In particular, in order to be able to use the book & DVD loan service, we kindly ask you to follow this simple procedure:

Register upon entering the Institute using the QR Code or, should you not possess a smartphone, write your name, phone number and time of entry on the register provided at the entrance of the Institute.

NSW Health strongly recommends that visitors carry a clean face mask and wear it if it is not possible to maintain a 1.5 m distance from one another.

We strongly encourage our users to choose books and DVDs using our online catalogue and/or the list of DVDs available on our website:

https://iicsydney.esteri.it/iic_sydney/en/la_biblioteca/la-biblioteca.html and book them by sending an email to: iicsydney@esteri.it

Alternatively, the user is still allowed to enter the library and choose a maximum of 3 books, which will then be scanned and given to the user. As to the DVDs, they must be booked in advance (2 maximum at the time), the user must indicate a day and time for their collection, after which they will also be scanned by our staff and given to the user.

All the above procedures have been implemented in order to ensure the safety of our visitors and staff, and upon entering the Institute we kindly ask you to follow all the safety instructions provided at the entrance.

ARRIVEDERCI!
